

TOP SECRET

Approved For Release 2001/08/07 : CIA-RDP70B00501R000100120003-9

25X1A

**Terms of Reference
for the
Reconnaissance Planning Group**

- a. To keep the D/NRO and the DCI advised of emerging problems of the NRP, which involve closely related considerations of research and development, operations and intelligence requirements.
- b. To review periodically the status of major planning activity in the area of overhead reconnaissance under way in the NRO and the USIB, and their constituent organizations, and to advise the organization responsible for the study on the adequacy of the scope, the desirability of additional participation or the need for consideration of additional planning factors.
- c. To recommend to the D/NRO or the DCI the initiation of studies necessary to meet the overall planning needs of the intelligence community in the area of overhead reconnaissance.
- d. To make available competent and authoritative representation from collection, exploitation, or requirements organizations, as appropriate, to support planning studies initiated in the USIB or the NRO.
